We're on Your Side

Being a union member is important to me because I believe in supporting a union that fights for employee rights. Every employee is a vital

part of the organization and deserves to be treated fairly, have safe working conditions, and have their pay and benefits protected.

—April Lott, Social Security Administration,
AFGE Local 3627 President

Our Time is NOW

AFGE believes the government serves the public best when its workers are treated with dignity and respect.

We have upheld the ban on outsourcing of our members' jobs, won hundreds of millions in back pay, protected your pay and benefits, and shaped policies that make your working life better.
