

ALL DISCIPLINARY ACTIONS ARE NOW GRIEVABLE AT TSA!

AFGE is thrilled to announce a huge victory in our negotiations that significantly benefits AFGE members.

You may formally challenge all disciplinary actions now, including suspensions of 15 days or more, demotions, and terminations! This means if something happens at work that you think is unfair or wrong, you have the right to raise your voice against it. This change gives you the ability to stand up for yourself in more situations.

Do not let unfair treatment go unchallenged. With this new right, you are equipped to navigate through turbulence and ensure a smoother journey towards fairness and respect at work.
