Dear Ms. Lee:

The Occupational Safety and Health Administration (OSHA) is in receipt of your complaint on behalf of 260,000 bargaining unit employees at the U.S. Department of Veterans Affairs (VA) and will be initiating an investigation concerning worker exposure to patients with COVID-19. In addition, I am contacting the VA's Designated Safety and Health Official.

Once our investigation is complete, OSHA will provide you with the results of our findings. If you have any questions, please contact Patrick Kapust, Acting Director, Directorate of Enforcement Programs (202-693-1854 or kapust.patrick@dol.gov).

Sincerely,
