

STAY UNION STAY AFGE

AFGE members: **this is our union** and we aren't giving it up! The unprecedented attack on federal workers by the Trump administration and his billionaire friends means we need to fortify ourselves for this fight like never before.

Together, we can prove that **collective worker power** is the solution to a terrible boss that's on a rampage to destroy the lives of working people. Making the **switch to AFGE E-Dues** means we have the full strength and power of AFGE members at the worksite, in the courtroom, on Capitol Hill and at the bargaining table.
